

Science – Seasonal changes

This term we will be learning about seasonal changes, using our observation skills. The core knowledge taught will focus on: Know the sequence of the four seasons and that they are cyclical, know the features of the seasons and how they compare and know how to record the Winter weather on a simple chart.

Animals including humans During the term, we will be learning about animals. The core knowledge taught will focus on: Know, identify, describe and compare a variety of common animals including fish, amphibians, reptiles, birds and mammals and know and classify animals by what they eat (carnivore, herbivore and omnivore). We will also be learning how to sort living and non – living things.

RE

Special People – The children will learn about the special people in the parish family. They will give examples of the special people in the parish and learn Bible stories that show Jesus as a special person (The Presentation and the Temple).

Meals – In this topic, we will be exploring the mass and learning about how mass is Jesus' special meal. We will describe the actions, signs and symbols within the Mass and recognise the story of The Last Supper.

Change – During this topic, we will focus on the special time of Lent and Easter. They will learn about how they change and grow and that Lent is a time of change in preparation for the celebration of Easter.

PSHE:

In this topic, we will be thinking about who is special. The core knowledge taught will focus on: Know why our trusted adults are special and how we can communicate with them, know how to describe and practise the qualities of being a good friend and know that being unkind hurts God and the importance of saying sorry. This will give the children time to reflect on their actions.

DT: Food – Fruits and Vegetables

Our topic will be fruits and vegetables and we will be making a smoothie. The core knowledge taught will focus on: Know how to discern between the flavours and identifiable features of fruits and vegetables when blended in a smoothie and Know and describe how to prepare some fruit and vegetables before they are eaten.

Art: Indian Block Making

Children will be learning about Indian Block Making. The core knowledge taught will focus on: Know how to design and make their own detailed relief printing block using polystyrene.
